

PRODUCT USE GUIDE FOR THICK BLEACH F3

Product Description

A high active thick bleach with added viscosity, allowing the bleach to cling to the surface for longer, providing more effective cleaning.

Product Features

- A powerful disinfectant which, by its viscous nature, ensures prolonged contact of the product with the surfaces to which it is applied.
- The product deodorises and disinfects in one operation.
- It may be used to control the growth of algae, bacteria and viruses in the food, dairy and brewery industry, is ideal for use in toilets, drains, sinks, washrooms and refuse areas.
- It is suitable for use on most hard surfaces at normal use solutions.
- Care should be taken as the product is corrosive to the majority of metals and will bleach fabrics.

Direction for Use

- Remove cap.
- Direct the nozzle under the rim of the lavatory / area to be cleaned, pointing away from face.
- **DO NOT USE WITH ACID BASED PRODUCTS AS TOXIC CHLORINE GAS MAY BE RELEASED.**

Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

Environmental Hazards

- Neat product will cause damage to plant and animal life.
- Do not allow large quantities of neat product to enter surface waterways as serious ecological damage may be caused.
- In the event of a large spillage, contact the local water authority or Environment Agency immediately.
