RS Sales & Distribution

About Us

RS Sales specialise in the wholesale supply of retail business supplies. Focused on the UK retail sector, we help retail businesses reduce cost, improve efficiency and increase productivity by providing a definitive range of supplies, products and equipment from one single source.

GNFR Specialists

Our entire focus is on the products and materials required to run an efficient, cost effective and sustainable retail business. We will go the extra mile to accommodate specific customer purchasing requirements and our sophisticated back office systems offer flexible order taking, order processing and payment solutions.

Why Work With Us?

Outstanding Service

We want our customers to know they are dealing with an independent, family-run business that truly believes in customer care and support.

Exceptional Value

We continually benchmark our pricing and review our supply chain. This ensures market expectations on value.

Retail Focused

We work with all different types of retail businesses, from the world's largest brands in fuel and grocery retail, to large hospitality groups and university campus stores.

Interested in saving money? RS may have some exciting opportunities for you to turn the till receipts you issue into advertising vehicles for potential advertisers. Discover if you are eligible for our AdPOS service to help subsidise the cost of your EPoS rolls - contact 0800 849 4119.

PRINTED TILL ROLLS

Transform your EPoS rolls into a powerful marketing tool to help **drive sales** and keep customers **well informed.**

Whether you are looking to **enhance your company branding,** support a promotion/special offer, generate interest for a recruitment drive, communicate your support for a charity or simply encourage customer feedback, we offer a number of **flexible EPoS roll printing solutions** to meet a variety of needs.

Our printing options **provide customers with the flexibility to print** small Chip & Pin rolls in one colour through to large ATM rolls printed in complex full colour with printing on both sides.

We have the ability to supply virtually any quantity of printed rolls from short runs of 200 rolls to vast retail promotional campaigns. **Contact our sales advisors** to gain further information on the options available and to discuss your specific printing requirements.

Jute & Cotton

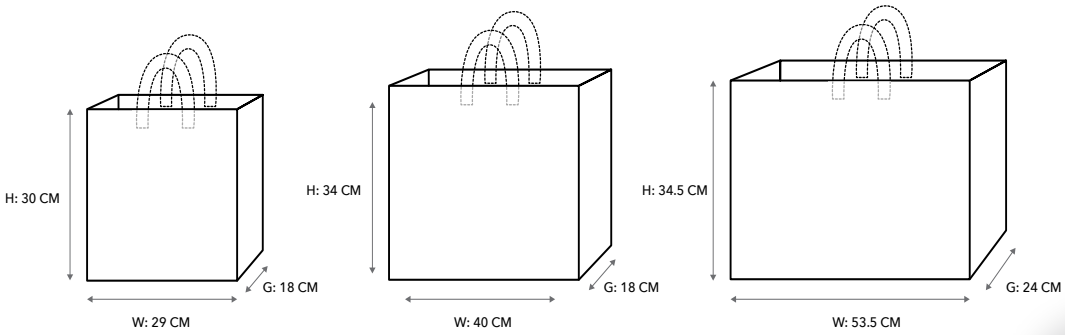

Jute, Cotton or Jute Cotton mix (Juco) Shopping Bags

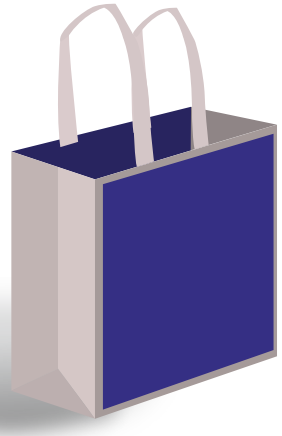

We specialise in producing reusable printed bags. Our Jute, Cotton and JUCO bags are produced to the highest quality standards and offer your customers a great alternative to single use polythene carrier bags.

We make designing the right bag for you easy with four simple steps:

Step 1: Choose the material and size of your desired bag:
Pick from our standard range or we can produce a completely bespoke bag

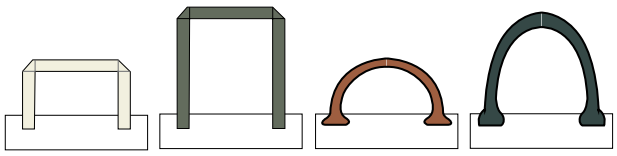

Step 2: Choose the colour of the bag panels:
Choose from a wide range of colours to compliment your brand

Step 3: Choose the bag handles:
Choose the colour and type of handle - long, short, padded rope or herringbone tape:

Step 4: Confirm your bag design:
Add an embroidered or printed logo to the bag or discuss options for a more elaborate design:

For further information about the range and printing options available, contact our sales advisers on 0800 849 4119

Lead time from 8 - 12 weeks for bespoke design. MOQ from 2000 bags (40 cases)

Thermal Cool Bags

Exclusively available from RS Sales & Distribution, our range of cool bags can assist in increasing sales of chilled and frozen food.

Our cool bags utilise quality assured materials and feature stylish designs providing your customers with a practical and desirable alternative to single use carrier bags.

For own label/bespoke design bags, please contact our sales advisers for further information

SHELF MANAGEMENT SYSTEM RSDIVKIT

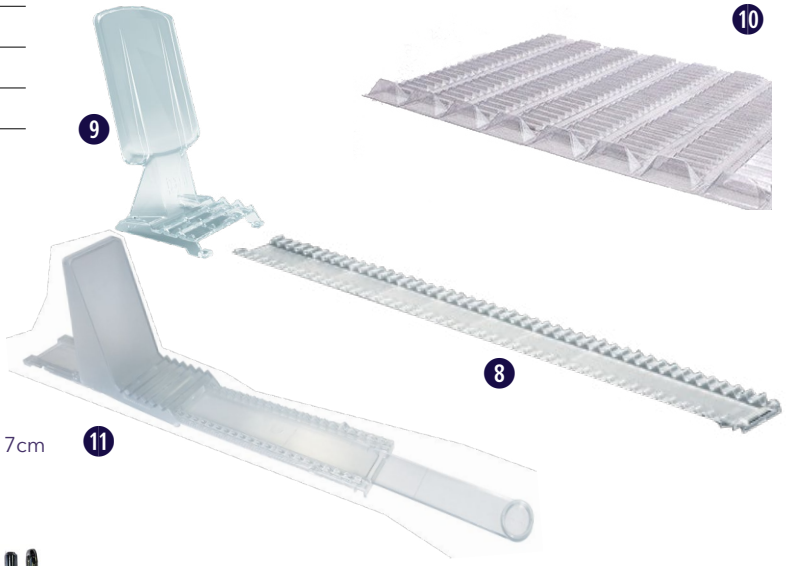

- Reduce the time and cost of shelf maintenance

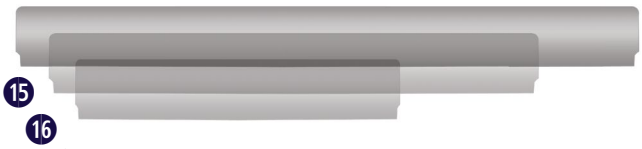

INCLUDES:

- 1 x Magnetic front and back fixing strip
- 13 x Dividers
- 12 x Pushers

Spare parts available

Surveys indicate that 80% of purchase decisions are made directly in store.
Good shelf merchandising helps the consumer identify products and prices. Effective shelf management gives the impression of good availability and range, and can improve the effectiveness of offers.

Cost-in-use dispensers

REDUCE USAGE. SAVE MONEY.

To help control tissue expenditure, RS offer a range of specialist Cost-in-Use tissue dispensing systems designed to improve capacity for high volume usage and reduce the consumption of tissue through reduced waste and maintenance costs.

1

The micro twin toilet roll dispenser holds two 125m micro toilet rolls, equivalent to 12 conventional 200 sheet toilet rolls.

Ideal for the smallest of cubicles due to its compact design.

2

The modular stainless steel dispenser enables a full roll alongside a stub roll, reducing paper waste and helping to keep the cubicle neat and tidy.

3

An innovative high capacity four roll dispenser, perfect for high footfall areas.

- Lockable unit reduces theft
- Carousel mechanism delivers continuous availability
- Rolls kept locked, clean, hygienic and protected
- Flat sheet presentation for premium washroom experience
- Simple to use carousel

Concentrated for Maximum Cost-in-Use Value

Easy to use, install, and maintain, the evolution dispensing system allows concentrated chemicals to be diluted at point of use. Evolution requires no water connections, plumbing, or electrical supply. The compact design allows each dispenser to be fitted in even the most restricted space, so that it can be sited in the best location for each cleaning task.

Simple, Accurate, Controlled & Safe Dispensing

The easy to use dispenser has a push/pull lever system that consistently delivers the correct amount of chemical concentrate directly into water in the trigger bottle, sink or bucket.

Environmental Advantages

Accurate dispensing prevents overdosing and chemical wastage whilst the nature of concentrated products reduce packaging, storage and transport.

EVOLUTION CONCENTRATED DOSING SYSTEMS

- Simple, Accurate, Controlled & Safe Dispensing
- Environmentally friendly, prevents overdosing, reduced packaging, storage and transport
- Cost-effective - demonstrable cost-in-use savings

WET WIPE STATION

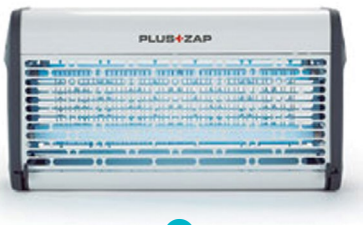

Prevent the spread of germs and disease such as E.Coli, Listeria and the flu virus and provide your customers with a solution for removing the smell of petrol and diesel from their hands.

- Holds up to 1000 wet wipes
- Free standing with Integrated Bin
- Sleek and attractive design promoting a hygienic environment
- Hand & handle wipes are specially formulated to be kind to hands but tough on germs
- H&H wipes will kill 99.9% of bacteria and viruses
- H&H wipes have odour neutralisers built in to remove petrol and diesel smells

Customised Uniform & Workwear

Promote your company

Enhance your branding

Improve identity

Creating your own personalised company uniform with RS is simple, easy and affordable

Step 1 - Choosing the right garment

RS will help you identify the correct garment based on your exact requirements and budget. Choose from a wide range of garments including jackets, trousers, fleeces, sweatshirts, T-shirts and polos in a colour and design to compliment you.

Step 2 - Customisation

We offer flexible embroidery and print services enabling you to customise and personalise your garments. Provide us with you design (logo/motif/strapline) and we will advise the best option for branding your uniform and workwear.

Step 3 - Stock

To take advantage of larger and more cost-effective production runs and to maximise availability, RS can hold stock of your uniform for you to 'call off' as and when the items are required.

For further information contact our sales advisers on 0800 849 4119

We offer a huge range of safety signs to cover every aspect of your business.
Read through our 'Understanding Safety Signs' guide below and then follow the simple steps to place your safety signs order

Understanding Safety Signs

The Health & Safety (Safety Signs and Signals) Regulations require employers to ensure that their employees receive training in the meaning of safety signs. Employees should understand the meaning of the symbols and colours used on a safety sign.

- Indicates a specific course of action to be followed or equipment to be used.
- Incorporates a white pictogram in a blue circle.
- Supplementary text is white on a blue background.

- Indicates an action or behaviour that must not be committed.
- Incorporates a red circle with a diagonal line.
- ISO 7010 symbols (black) and supplementary text (white on red) can be added.

- Indicates and advises the location of fire equipment and personnel
- Incorporates a white pictogram in a red square/ rectangle
- Supplementary text is white on a red background.

- Advises of a potential hazard within an area.
- Incorporates a yellow triangle with black border and pictogram inside.
- Supplementary text is black on a yellow background and leads with Danger, Warning or Caution.

- Indicates first aid signs and escape route signs. Indicates the safe way.
- Incorporates a white pictogram in a green square/ rectangle.
- Supplementary text is white on green.

Step 1 Decide on the sign(s) you require
Step 2 Choose your material (Rigid Plastic, Self Adhesive Vinyl, Photoluminescent Rigid Plastic, Photoluminescent Self Adhesive Vinyl, Aluminium or Polycarbonate)
Step 3 Choose between landscape or portrait
Step 4 Choose your size (mm)
Step 5 Call our sales team to place your order

Price dependent upon size, material and quantity required.
Contact our sales team for a full signs catalogue on 0800 849 4119

Maintain a clean & tidy forecourt and reduce labour costs with the Taski Balimat 45 sweeper.

The Balimat 45 delivers outstanding cleaning results effortlessly removing forecourt litter and debris whilst eliminating the need for external manual broom sweeping.

Cleans 5 x faster than manual sweeping.

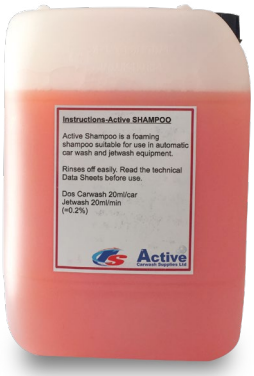

The Active range of carwash chemicals is the perfect solution for operators looking for a lower priced yet still high performing car wash chemical. The range has been designed to give exceptional performance using the latest in car wash technology.

Rollover & Jet Wash Chemicals			
01	CWACT1	Active Shampoo -10ltr	1
02	CWACT2	Active Cherry Foam -10ltr	1
03	CWACT10	Active Wax -10ltr	1

Cost-effective

If diluted at 20ml, 1 x 10L container will provide 500 washes!

1

Active Shampoo

A cost-effective high foaming shampoo formulated to aid in the breakdown of traffic dirt and grime. Concentrated for extra economy and can be diluted as low as 20ml.

2

Active Cherry Foam

Formulated to produce thick foam with the addition of a pleasant Cherry fragrance to enhance the customer's carwash experience. Concentrated for extra economy and can be diluted as low as 20ml.

3

Active Wax

A cost-effective wax designed to promote high water beading to improve drying results from machine blowers. Concentrated for extra economy and can be diluted as low as 20ml.

The Active range offers unbeatable value on carwash chemicals on a cost-per-wash basis, whilst also providing excellent results. Typical chemical cost savings are around 60% with some operators saving 70% or more.

Free carwash health check

Discover how much you are really paying per wash cycle. Improve the performance and efficiency of your carwash. Book a Carwash Health Check today and find out about our **Premium chemical range** including **Ma-Fra/Kenotec** chemicals.

Terms & Conditions

1) Definitions

1. RSS means R. S. Sales & Distribution Ltd. 'The Customer' means the Purchaser of the Goods.
2. 'These Terms' means the terms and conditions set out herein together with any express variation thereof or attachment hereto identified as such and signed duly by authorised persons.
3. 'Goods' means all goods and materials of whatever nature ordered upon these Terms.

2) Application of these Terms

1. These Terms shall govern every sale of Goods by RSS to the exclusion of all other Terms and Conditions whether or not proposed by the Customer. Any purported provisions to the contrary are hereby excluded and extinguished. These Terms shall in combination with every Order constitute the entire Contract for the Goods specified in the Order. No variation to an order shall be validly made except as specified in a further Order.

3) Price Variation

1. Prices quoted are valid for 2 weeks.
2. Prices stated are based on RSS current costs, unless otherwise agreed are subject to amendment on or at any time after acceptance to meet any rise or fall in such costs.
3. All prices subject to the addition of VAT.

4) Delivery

1. All delivery dates mentioned in any Quotation, Order or elsewhere are approximate only and not of any contractual effect and RSS shall be under no liability to the Customer in respect of any failure to deliver on any particular date or dates. If delivery shall not have taken place within a reasonable time, RSS's liability shall be limited to the value of the Goods specified in the Order.
2. If the Customer shall refuse or fail to take delivery of Goods tendered in accordance with these terms, RSS shall be entitled to immediate payment in full for the Goods so tendered. RSS shall be entitled to store at the risk of the Customer any Goods which the Customer shall refuse or fail to take delivery and the Customer shall in addition to the purchase price pay all costs of such storage and any additional costs or carriage charges incurred as a result of such refusal or failure.
3. Wherever goods are contracted to be delivered by instalments, late delivery of one instalment shall not entitle the Customer to reject any other instalment under the same Order.
4. Where the Goods are to be delivered by a carrier on behalf of RSS, the risk therein shall pass to the Customer upon delivery. RSS shall advise the Customer of the scheduled date of despatch from RSS's premises and unless the Customer notified RSS in writing within 72 hours, RSS shall not be liable for any loss of or damage to the Goods in transit nor for failure of the Goods to be delivered and such Goods shall be deemed to have been delivered in good order and condition.
5. If, in the course of any Order involving more than one delivery, default is made in payment on the due date, RSS shall have the right to suspend all or any further deliveries pending payment or to terminate such Order in its entirety by notice in writing to the Customer.

5) Acceptance and Claims Procedure

1. The customer must check that the quantity and specifications of products delivered correspond with the contract before signature of the delivery note.Claims in respect of short deliveries or damage to products reasonably visible on inspection must be made to the company within 24hrs of the time of delivery which gives rise to the claim.
2. The customer must retain damaged products for inspection and collection. Credit will only be granted by the company if the provisions of this condition are complied with.

6) Payment

1. Payment in full for Goods will become due on the date of their delivery in accordance with Clause 4 and the price of them will be payable together with RSS delivery charges therefore (if any) within 30 days of the date of the date of RSS invoice rendered after such delivery. RSS reserves the right to charge interest at the rate of 1.5% per month (calculated on a daily basis) with each month being deemed to comprise 30 days) on amounts remaining unpaid at the end of such period as from the date when they become overdue for payment.

7) Property

1. Property in Goods shall pass to the Customer only upon and not before payment in full of the price thereof. If the Customer shall fail to pay in full the price (or the balance then owing in the price) of Goods or any instalment of Goods within the 30 days together with any delivery charged relating thereto RSS shall be entitled, without having given prior notice, to recover possession of all such Goods and for that purpose to enter the Customer's premises, therefore foregoing right to be without prejudice to any other right which RSS may have whether under these Terms or otherwise.

8) Termination

1. In addition to any other rights of termination under these Terms, RSS may stop any Goods in transit and suspend further deliveries and by notice in writing to the Customer forthwith terminate an Order.
2. If the Customer commits an act of bankruptcy or compounds with his creditors or if a receiving order is made against him or
3. If where the Customer is a Company, the Customer should be wound up (otherwise than for the purpose of amalgamation or reconstruction) or
4. If the Customer is in breach of any provision of these Terms including (without limitation) any failure to pay any sums due hereunder within 14 days or despatch of a reminder that they are overdue for payment
5. Termination shall be without any previous waiver of its rights shall not affect prejudice to all rights subsisting at the date of termination.
6. Within 7 days of termination, all documentation, descriptions and literature the property of RSS, which shall at termination be in the possession of the Customer, must be returned forthwith to RSS.

9) Assignment

1. An order is not assignable by the Customer in whole or part.

10) Storage of Customers property

1. RSS shall be entitled to make a reasonable charge for the storage of any Customer's property left with RSS before the receipt of the order or after notification to the Customer of completion of the work.

11) Governing Law

1. These Terms shall be subject to the exclusive jurisdiction of the English Courts of Law and shall be governed by and interpreted in accordance with English Law. The Customer hereby agrees to submit itself to the exclusive jurisdiction of the English Courts for the purposes of these Terms.

12) Force Majeure

RSS shall be under no liability if he shall be unable to carry out any provision of the contract for any reason beyond his control including (without limiting the foregoing) Act of God, legislation, war, fire, flood, drought, failure of power supply, lock-out, strike or other action taken by employees in contemplation or furtherance of a dispute or owing to any liability to procure materials required for the performance of the contract. During the continuance of such a contingency, the Customer may by written notice to RSS elect to terminate the contract and pay for work done and materials used by subject thereto shall otherwise accept delivery when available.
